Career Objective

Aspiring IT professional seeking an internship to build engaging websites, apply skills in web development, and gain hands-on experience to grow in the field.

Projects

CalorieCalc (Calorie Calculator and Tracker)

HTML | CSS | Bootstrap 5 | JavaScript | mySQL | PHP | Laragon

Developed a responsive front end with real-time calorie tracking and an intuitive meal-tracking UI

Built a PHP/MySQL backend for reliable user data storage and profile management

PokéDex (Pokémon Details Finder)

HTML | CSS | JavaScript | React | PokéAPI

Created a PokéDex web app with HTML, CSS, JavaScript, and React for a dynamic UI to display Pokémon details

Integrated PokéAPI for real-time search and exploration of Pokémon data (image, type, moves, stats)

Online Compiler

HTML | CSS | JavaScript

Developed a web tool that lets users write, compile, and execute code in their browser

It supports languages like HTML, CSS, and JavaScript, allowing easy testing and sharing without local setup
